It began between ages 4 and 5 as this normally respectful and willing child became a hitting, crying, resistant hand-full! As a homeschooling mother, I wanted him to have every advantage to grow and learn, but all my best resources and plans were being messed with by things that at first appeared beyond my control.. That foods affect childrenâ€™s behavior is a huge topic these days.

Saying that it has always been this way, doesn't count as a legitimate justification to why it should stay that way. Teacher and administrators all over the world are doing amazing things, but some of the things we are still doing, despite all the new solutions, research and ideas out there is, to put it mildly, incredible.
