Implementation and SNIPE: While I was editing the manuscript, I was also implementing SNIPE a high performance framework for using neural networks with JAVA. This has to be brought in-line with the manuscript: I'd like to place remarks (e.g. "This feature is implemented in method XXX in SNIPE") all over the manuscript.

Introduction []. In sociology, a group is usually defined as a number of people who identify and interact with one another. This is a very broad definition, as it includes groups of all sizes, from dyads to whole societies. While an aggregate comprises merely a number of individuals, a group in sociology exhibits cohesiveness to a larger degree. Aspects that members in the group may share ...
