When investors consider Prosper as an investment they need to remember that there have really been two iterations of the company. Prosper 1.0 was from their beginning in 2006 to 2008 when underwriting standards were very lax (the minimum credit score was 520) and investor returns, on average, were negative.

CV Dazzle explores how fashion can be used as camouflage from face-detection technology, the first step in automated face recognition. The name is derived from a type of World War I naval camouflage called Dazzle, which used cubist-inspired designs to break apart the visual continuity of a battleship and conceal its orientation and size.
