**Dictionary by Merriam-Webster: America's most-trusted**

A gimmick is a novel device or idea designed primarily to attract attention or increase appeal, often with little intrinsic value. When applied to retail marketing, it is a unique or quirky feature designed to make a product or service "stand out" from its competitors. Product gimmicks are sometimes considered mere novelties, and tangential to the product's functioning. Gimmicks are ...

Art is a diverse range of human activities in creating visual, auditory or performing artifacts (), expressing the author's imaginative, conceptual ideas, or technical skill, intended to be appreciated for their beauty or emotional power. In their most general form these activities include the production of works of art, the criticism of art, the study of the history of art, and the aesthetic ...

A very good, short and informative introduction into ophthalmology for students or primary care physicians. The author has the educational talent to explain things clearly without any fuss.

**The free online ophthalmology book! - TimRoot.com**

Along with his translations, Digges added commentary and new ideas, making it clear that the Copernican model was more than philosophy, it was a physically real model of the solar system.
