Introduction Introducing Religion and Nature What are the relationships between human beings, their diverse religions, and the Earth's living

### **Introduction - Website for the Academic Study of Religion**

Nature, in the broadest sense, is the natural, physical, or material world or universe. "Nature" can refer to the phenomena of the physical world, and also to life in general. The study of nature is a large, if not the only, part of science. Although humans are part of nature, human activity is often understood as a separate category from other natural phenomena.

Mother Nature (sometimes known as Mother Earth or the Earth-Mother) is a Greco-Roman personification of nature that focuses on the life-giving and nurturing aspects of nature by embodying it, in the form of the mother. The concept is far from universal, and there are no equivalent term or concept in many languages and/or cultures.
