

the new 52 futures pdf

The New 52 was the 2011 revamp and relaunch by DC Comics of its entire line of ongoing monthly superhero comic books. Following the conclusion of the "Flashpoint" crossover storyline, DC cancelled all of its existing titles and debuted 52 new series in September 2011 with new first issues. Among the renumbered series were Action Comics and Detective Comics, which had retained their original ...

Applications. Futures and promises originated in functional programming and related paradigms (such as logic programming) to decouple a value (a future) from how it was computed (a promise), allowing the computation to be done more flexibly, notably by parallelizing it. Later, it found use in distributed computing, in reducing the latency from communication round trips.
