Educational technology is an inclusive term for both the material tools and the theoretical foundations for supporting learning and teaching. Educational technology is not restricted to high technology but is anything that enhances classroom learning in the utilization of blended, face to face, or online learning.

Educational technology - Wikipedia

Open education is education without academic admission requirements and is typically offered online. Open education broadens access to the learning and training traditionally offered through formal education systems. The qualifier "open" refers to the elimination of barriers that can preclude both opportunities and recognition for participation in institution-based learning.
