In The Perils of Peace Jessica Reinisch considers how the four occupiers--Britain, France, the Soviet Union, and the United States--attempted to keep their own troops and the ex-enemy population alive. While the war was still being fought, German public health was a secondary consideration for them: an unaffordable and undeserved luxury.

The Perils of Peace provides a comprehensive and fascinating look at the pivotal years after Yorktown on which the fate of the newly formed United States hung. While many assume the war simply ended after Yorktown it took another two years for the British to surrender and this time of "peace" nearly proved to be the undoing of the United States.

The Perils of Peace. Large parts of the country were covered in rubble, with no clean drinking water, electricity, or gas. Hospitals overflowed with patients, but were short of beds, medicines, and medical personnel. In these conditions, the potential for epidemics and public health disasters was severe.

The Perils of Peace: America's Struggle for Survival After Yorktown. In Europe, America's only ally, France, teetered on the verge of bankruptcy and was soon reeling from a disastrous naval defeat in the Caribbean. A stubborn George III dismissed Yorktown as a minor defeat and refused to yield an acre of "my dominions" in America.
