In academic publishing, a preprint is a version of a scholarly or scientific paper that precedes formal peer review and publication in a peer-reviewed scholarly or scientific journal. The preprint may be available, often as a non-typeset version available free, before and/or after a paper is published in a journal.

Self-archiving is the act of (the author's) depositing a free copy of an electronic document online in order to provide open access to it. The term usually refers to the self-archiving of peer-reviewed research journal and conference articles, as well as theses and book chapters, deposited in the author's own institutional repository or open archive for the purpose of maximizing its ...

We then tested colors applied to primed aluminum panels by bending them around a conical mandrel. The differences between colors with and without zinc were similar to the earlier tests, although some of the failures were quite dramatic and in some cases involved significant cracking, flaking, and even delamination of the paint from the primer itself.
