When you search for information, you're going to find lots of it . . . but is it good information? You will have to determine that for yourself, and the CRAAP Test can help. The CRAAP Test is a list of questions to help you evaluate the information you find.

Evaluating Information – Applying the CRAAP Test

Integrated logistic support (ILS) is an integrated and iterative process for developing materiel and a support strategy that optimizes functional support, leverages existing resources, and guides the system engineering process to quantify and lower life cycle cost and decrease the logistics footprint (demand for logistics), making the system easier to support.

How to be an Alien (1946) is a humorous book by George Mikes, illustrated by Nicolas Bentley. It was Mikes' second book and is the most famous of the 44 he wrote. It is a classic of British humour and by its 32nd impression in 1966 had sold over 300,000 copies. It pokes gentle fun at the English and their relationship with foreigners, "alien" meaning in this context any non-English person.
